Equine Forensic Drug Testing

We received notification from Dalare Associates for Wednesday, June 13, and Thursday, June 14, 2012, that all tests were clear.

7:00 a.m. In anticipation of temperature extremes expected in our area, Chief Steward Jack Houghton Jr. met with Chief Commission Veterinarian, John Peters this morning to discuss horse and participant health issues relating to today's racing card. Dr. Peters reported that he had previously discussed this matter with Executive Director of Racing Mr. John Mooney. Taking into account the weather report and wind conditions, we had a consensus that horses and personnel should be fine. Post parades would continue to be shortened to allow horses and participants more time in the shade of the paddock. It was further agreed that trainers that wanted to scratch their horses due to heat concerns would be able to do so without penalty.

5:30 p.m. Subsequently, racing was conducted without any heat related problems for horses, jockeys, or personnel.
